FSMTB Offers Authorization to Test (ATT) Extensions

March 13, 2020

FSMTB is closely monitoring the COVID-19 pandemic. As we all continue to navigate the evolving situation, we wanted to share some policy information and procedures that are in place to assist you both as emerging health professionals and as our candidates whom we care about very much.

IF YOU WISH TO RESCHEDULE YOUR MBLEx APPOINTMENT
To assist with containment of the spread of COVID-19 and to allay related concerns our candidates may have, FSMTB has implemented a temporary policy regarding examination appointments:

For those who are scheduled to test from now until the end of May 2020, at the written request of the candidate, FSMTB will extend authorizations for scheduling appointments and will process a new 90-day Authorization to Test (ATT). Rescheduling fees will be waived for the new ATT. The ATT extension and fee waiver may be used one time only, per candidate.

Candidates who wish to reschedule an examination appointment, will need to cancel their appointment at Pearson VUE (online or by phone), and forward the cancellation email notice that they receive from Pearson VUE to mblex@fsmtb.org.

If Pearson VUE cancels your examination appointment, please follow the same instructions to alert FSMTB of the appointment cancellation and request a new ATT from us.

TEST CENTER PROTOCOLS
Pearson VUE, our test delivery partner, is also following the pandemic, and has set up a webpage where they are posting updates regarding their operations both domestic and abroad. Please use this link for further scheduling advice and information about the sanitation protocols that you can expect at the test center.

FSMTB will continue to track the progression of the pandemic, make adjustments as appropriate, and will announce any changes. Please be sure that we have the most up-to-date email contact information should we need to reach you.

We hope that these options will help you be prepared and make safe and informed choices as we navigate a world with COVID-19.

If we can answer any specific questions, we are happy to help. You can email info@fsmtb.org or mblex@fsmtb.org.
