

## Keith Warren

**1. How have you served FSMTB in the last few years?**

I have served and continue to serve on the Finance Committee and have recently participated in the Strategic Planning Session held last year in California.

**2. What skill set or strength do you bring to the FSMTB?**

I have been the Executive Director of numerous Boards for almost 30 years as well as my participation in other national organizations. I have served in every office for the National Association of State Contractors Licensing Agencies, serving as President twice. I have recently concluded by 3-year term as Treasurer. I also serve as the Finance Chair of my church and on the Board of Directors for my condominium owners association. I enjoy leading with participation from the entire group and can bring people together to work amicably and professional to complete the tasks assigned or project and plan the organizations future operations.

**3. What do you see as the important issues facing FSMTB?**

Continued security of the MBLEx, expanding the MBLEx beyond an entry level examination, deregulation, and handling attacks from organizations against regulation and against the betterment of the profession.
